COMBI system with
high `power EC centrifugal fan
(ErP compliant)

For fan connection and perfromancve
please refers to technical data from
ebmpapst type D3G160-HA04-02

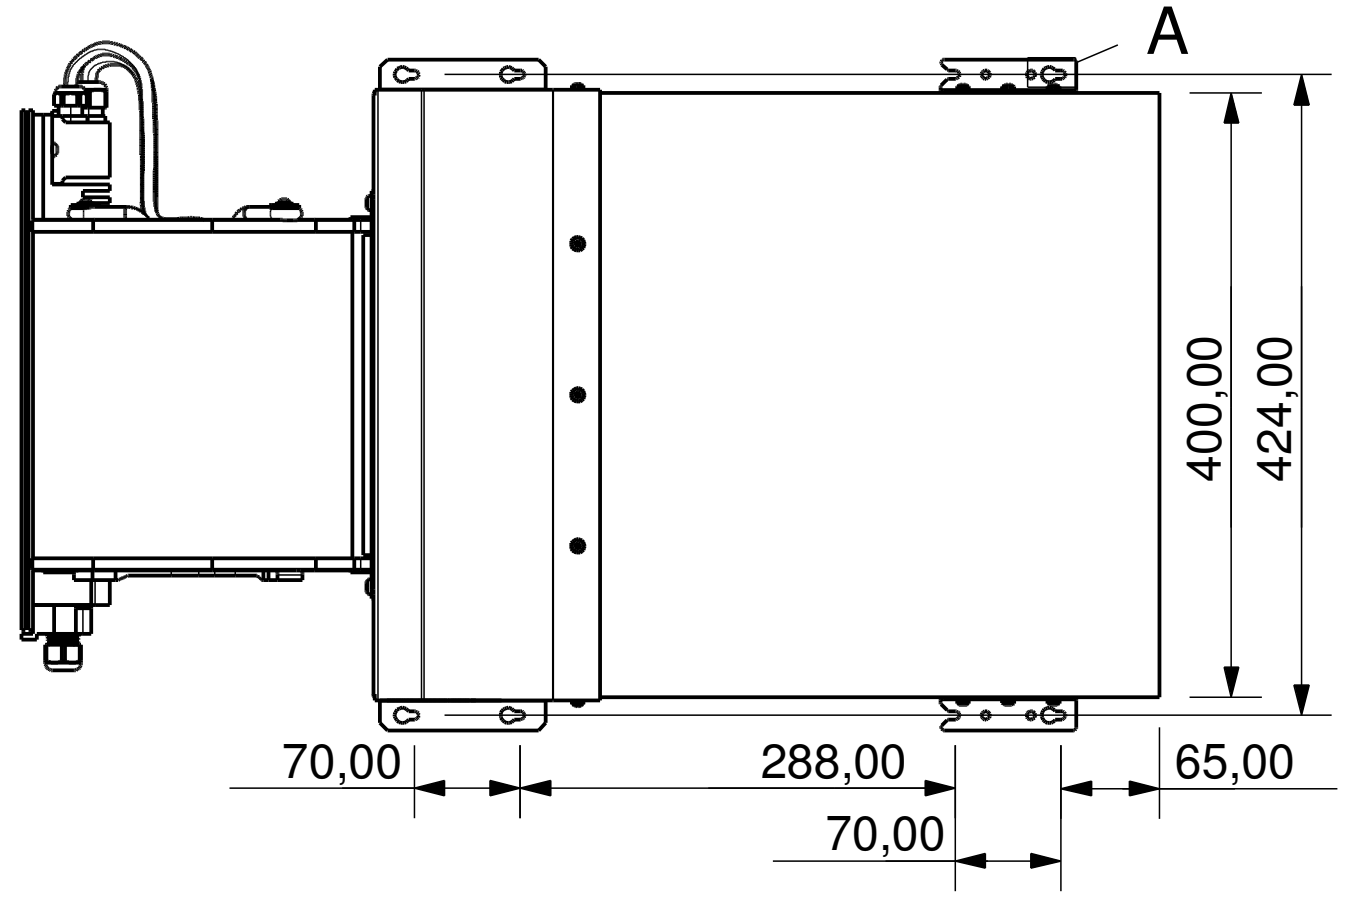

Detail A

RTHhsa = up to 0.0066K/W

WARNING

Thermal resistance value is only for large area heat distribution.
All data obtained from simulation models should be taken as guidance.
Assembly suitability for real applications should be verified.
It's not suitable to replace measurements under field conditions.
